To; Our Valued Customers,

March 25, 2020

We at New City Window Cleaning are Working Cleaning and Sanitizing

Considering the order for Illinois residents to stay home, according to Governor Pritzker, the order exempts those working in "essential businesses,"

Critical trades, including plumbers, electricians, exterminators, **cleaning and janitorial staff** for commercial and governmental properties, and other service providers maintain the safety, **sanitation and essential operation of residences**, Essential Businesses and Operations.

In light of the Coronavirus Outbreak, we are asking our service Tech's to exercise Social IDistancing , Allowing 3-6 Feet between our Tech's and the public while visiting your locations for service.

If you are considering Sanitizing on **your** own , **Never mix Household Bleach with Ammonia or any other Cleaner.**

The CDC recommends Preparing a Bleach Solution by mixing 4 teaspoons bleach per quart of water. Wear household gloves and ensure proper Ventilation.

Thank You for understanding and continued support in these uncertain times.
